

# Risk-Taking Scenarios

To raise one million dollars for the charity of your choice:

Would you walk on a tightrope stretched between the 18th floor of the the two tallest building in your city ?” Discuss responses given

What if the money is to be rewarded to you personally?” (Gather responses.)

What if the tightrope had a safety net 18 floors below?”(Gather responses.)

What if, in addition to the safety net, the tightrope was actually a 6-inch wide wooden plank?” (Gather responses.)

If (in addition to the safety net and the 6-inch wooden plank) a harness was also attached so you would only fall several feet before the harness stopped you, would you take the risk for 1 million? (Gather response.)

What if in addition to all of the above, one of the flying Instructors held your hand during your walk? (Gather responses.)
